

# Powwow Drum Stand Instructions:

Parts included for your Drum Stand as pictured:

2 cross braces, 4 uprights, 4 corner supports, and hardware.

Assembly:

Place top cross brace on top of bottom cross brace, overlapping in the center (picture 2 above). Make sure when your brace is assembled the letters on the ends are in order A, B, C & D counter clockwise.

Place upright labeled A on the cross brace labeled A. Insert 2 screws into the pre drilled lower holes through the upright into the cross brace and fasten. Place the corner support labeled A in the center of the upright on the inside. Insert screw above the two already inserted, this will be done at a 45 degree angle to the upright, and fasten. Repeat for B through D in order. Turn your drum stand over and insert the screws into each corner support

Insert eyelets into tops of all 4 uprights and now you are ready to tie your drum in place.
